

VENDORCafé

Increase efficiencies in vendor on-boarding and invoicing

Included with Yardi Procure to Pay, VENDORCafé can dramatically reduce your paper and email invoices with electronic vendor management. Centralize product and service vendor information in a single system of record, with a 360° view of all your vendors and property associations. Define your onboarding process to ensure only approved vendors are added to your accounting system and proactively assess vendor risk across your portfolio.

Optimize vendor communication with the VENDORCafé web-based portal available to Yardi-registered and client-approved vendors. Vendors can upload insurance certificates, receive expiration alerts, view their ledgers, upload invoices and monitor invoice approvals.
