Medication management simplifies on Yardi

Simplify operations and deliver a higher standard of medication administration with Yardi eMAR.

Join the Yardi Pharmacy Network

Gain a competitive edge with access to senior living providers that are using Yardi eMAR. Built on ALMSA’s proven platform, Yardi eMAR helps LTC pharmacies deliver a higher standard of medication administration compared to competitors.

Gain better market exposure

Capitalize on the increasing number of senior living providers who are choosing Yardi’s suite of senior living solutions. Take advantage of co-marketing opportunities with Yardi for increased customer loyalty and retention.

To learn more, call 800.866.1144, email pharmacy@Yardi.com or visit Yardi.com/eMAR
Streamline medication dispensing

Member pharmacies connect to senior communities via Yardi eMAR, enabling real-time resident medication information sharing, electronic refill requests and automated prescription fulfillment orders.

Simplify communication

Secure online messaging tools are designed to eliminate time-consuming fax transmissions and other common points of miscommunication. Yardi eMAR integrates with a variety of pharmacy interfaces including QS/1, FrameworkLTC, Omnicare and SuiteRX.

Increase resident safety

Yardi eMAR has built-in features to mitigate risk, including an order manager for keeping track of orders for vitals, lab work, dietary requirements, medication and treatment directives, as well as an automated physician cycle review and verification.
