

RentCafe®

## DIGITAL KEY

---

# Simplify key delivery, unit entry & lockout recovery

Deliver a fully digital journey and replace physical keys with secure mobile entry for residents, staff and guests. Reduce costs, avoid lockouts and streamline operations with a fully connected solution.

### **AUTOMATE ACCESS**

Allow residents to move in outside of office hours with automated digital key delivery.

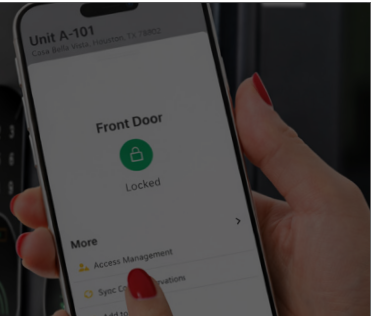

### **REDUCE COMPLEXITY**

Provide seamless entry access for works orders and unit turns without the hassle of physical key management.

### **MAKE IT SIMPLE**

Create an elevated resident experience without a lot of equipment. No smart home hub or Wi-Fi needed.

# FEATURES

## DIGITAL KEY

### AUTOMATED MOVE INS

Make move-ins easy for residents and staff with automatic digital key delivery. Eliminate processes and steps for your staff and residents.

### FASTER UNIT TURNS

Get your vacant units back on the market faster. No more physical re-keying of locks required. Provide instant access to maintenance when the unit is vacated.

### MOBILE ENTRY

Offer app-based entry through the RentCafe Resident app — no additional app required. PIN code entry and keyless guest entry also supported.

### BACKUP ENTRY OPTIONS

Maintain secure access with keypad entry when mobile devices are not available. Eliminate the need for lockout assistance.

### MAINTENANCE ACCESS

Provide secure, automatic entry permissions for work orders. No master keys needed.

### NO HUB OR WI-FI REQUIRED

Reduce costs related to hardware, installation and upkeep with Bluetooth-enabled locks.

## SCALABLE SMART ACCESS WITHOUT COMPLEXITY

Streamline operations, reduce key-related issues and create a convenient, connected resident experience. RentCafe Digital Key is easy to install and expand across your portfolio, without added infrastructure.
