VIRTUOSO ENTERPRISE FOR SENIOR LIVING

Empower your teams with AI built for senior living

Give caregivers, sale counselors and community staff the power of AI in the workflows they use every day. Virtuoso Enterprise for Senior Living is a complete AI platform that brings together community operations, property management, clinical care, sales and analytics. With AI built in, your teams can reduce manual tasks, surface relevant information and improve efficiency — while human judgment and oversight remain central to every decision.

SUPPORT YOUR STAFF

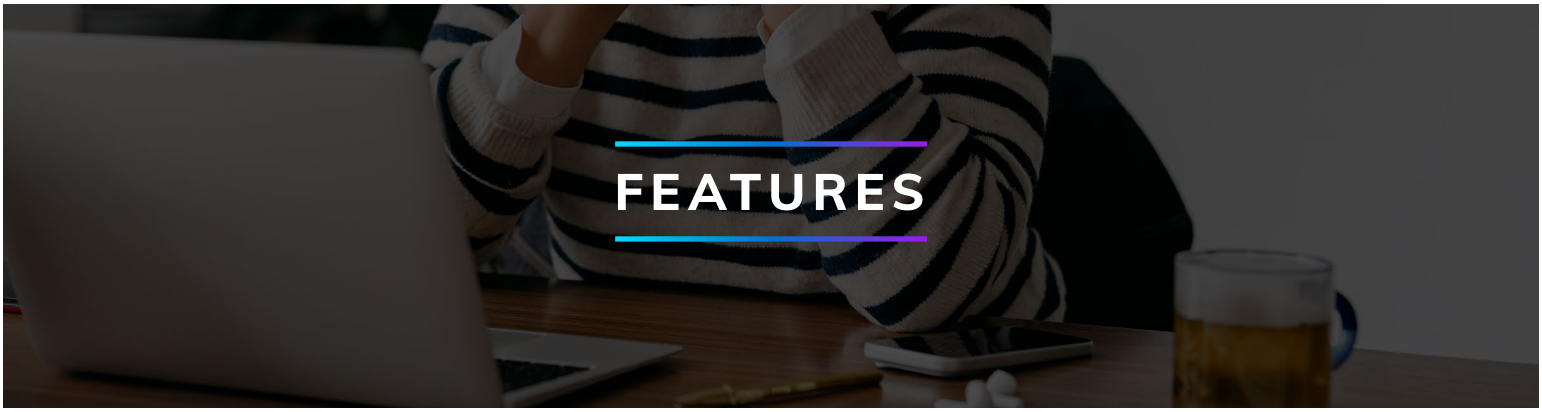

Reduce administrative burden so caregivers can focus on residents, not paperwork.

IMPROVE OPERATIONS

Automate routine workflows across maintenance, accounting and sales to increase efficiency portfolio-wide.

MAKE SMARTER DECISIONS

Surface real-time insights across occupancy, care and finances so leaders can act with confidence.

FEATURES

VIRTUOSO ENTERPRISE FOR SENIOR LIVING

NATIVE AI

AI is built directly into CRM, EHR and operations tools, including email/text rewrite, clinical summaries, voice dictation, assessment change summaries and incident detection.

ASSISTANT

Get instant answers, step-by-step guidance and actionable help. Staff can ask questions and get help without leaving their workflows.

CONNECTORS

Connect your live Yardi data to the AI tools your leadership team already uses. Ask questions about your portfolio conversationally inside Claude, ChatGPT and Copilot.

AGENTS

Deploy purpose-built AI agents that automate high-value workflows, including routine invoice processing and approval.

EVERYTHING YOU NEED IN ONE COMPLETE PLATFORM

Unite your community management, finance, marketing, resident care and more on a single, AI-first solution.
