## VOYAGER MILITARY HOUSING

---

# Centralize military housing operations

Manage family and unaccompanied military housing on a single system built for compliance, efficiency and scale. Voyager Military Housing streamlines workflows, reporting and resident management across installations with real-time visibility and industry-specific automation.

### **SIMPLIFY OPERATIONS**

Centralize waitlists, resident data, work orders and inspections across multiple posts through one point of entry.

### **ENSURE COMPLIANCE**

Meet Army, Navy, Air Force and Marine housing requirements with built-in reporting and frequent regulatory updates.

### **STREAMLINE PROCESSES**

Automate workflows, notifications and inspections to reduce manual effort and support faster, more accurate operations.

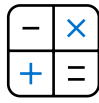

# FEATURES

## VOYAGER MILITARY HOUSING

### CENTRALIZED MANAGEMENT

Manage family and unaccompanied housing across installations with shared resident and unit data for better coordination.

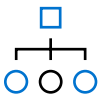

### BAH AUTOMATION

Calculate and update Basic Allowance for Housing rates automatically using DOD updates and built-in adjustment tools.

### COMPLIANCE REPORTING

Generate required military housing reports out of the box with ongoing updates to support changing regulations.

### INTEGRATED WORKFLOWS

Process waitlists, receivables, inspections and work orders using automated, role-based workflows.

### SECURE ARCHITECTURE

Protect sensitive data with comprehensive security, controlled access and centralized system oversight.

## FOR ALL YOUR MILITARY HOUSING NEEDS

Support mission-critical housing operations with an industry-specific platform that delivers compliance, scalability and real-time insight across every installation.
