

WORKCAFE FOR BUILDINGS

A modern building experience, built on the system you already run

WorkCafe is a branded tenant and administrator app that lets building owners manage amenities, visitors, service requests and communications in one place, on desktop or mobile.

It runs natively inside Yardi Voyager. That means native tenant activity and engagement data to enrich your lease, financial and operational data with no middleware and no sync lag. Your teams work from one source of truth and your tenants get a more efficient, more engaging building.

BUILT ON VOYAGER

WorkCafe lives inside Voyager on a single database. No middleware. No integrations to maintain. No data lag.

CONNECT WITH EVERY TENANT

A single branded app for tenants to book amenities, submit service requests, manage visitors and receive building updates.

COMPLETE OPERATOR CONTROL

Real-time analytics and reporting that give you full visibility and control across visitors, amenities, events and service requests.

FEATURES

WORKCAFE FOR BUILDINGS

TENANT EXPERIENCE

Tenant employees engage with everything the building offers through one simple branded app.

PROPERTY OPERATIONS

Building staff manage every booking, visitor and request from a single real-time dashboard.

AMENITY AND SPACE BOOKING

Reserve rooms, desks and amenities like parking, EV charging, gym and event space in one place.

SERVICE REQUESTS

Submit and track work orders from any device, with built-in approval rules for suite and common-area issues.

EVENTS AND COMMUNICATIONS

Publish building-wide events and push announcements straight to every tenant by app, SMS or email.

COWORKING NETWORK
